18—Jackson Line—1.00	GRAND TOTAL \$84.69

In a letter from the Swain County Board of Education to Dr. Bryson it said.

Dear Sir:

March 24, 1926

I wish to make the following report to you on contributions from Swain County Public School to the proposed National Park. The schools herewith given are reported in the order in which they reported to me 100 percent strong, that is every child in school giving something toward the Park.

David Monteith
